

# PRETRIAL ORIENTATION PROGRAM

## **So what is a pretrial orientation?**

At a pretrial orientation, we will provide you with basic information regarding the pretrial process, the Bureau of Prisons (BOP) and how supervised release works.

## **Why should I go?**

This is a great opportunity for you to learn about what happens on pretrial, in prison and after release from prison. We will provide you correct information about the federal criminal justice system, and our goal is to answer any questions you may have about federal custody and/or supervised release, as well as reduce any fear, stress, anxiety you or your family may have.

## **Who's going to provide information?**

This is your chance to listen to, and talk with, representatives from the Bureau of Prisons and U.S. Probation Office for the District of Kansas and Western District of Missouri. Members of these offices will present material in a way that is easy to understand and will help take the mystery out of the whole process.

**Our goal is to give you the tools to help you succeed both in prison and after you begin your supervised release!**
